threats Still going

people being sued for now

Thompson - medical doctor at WS. S.P

Kaessner - psych doctor at WS. S.P

Lt Hamilton - Lt ant was 1

Statement of Case

I am Not Competent Due to
Long term permanent damage
to my brain

In my cell I have Lots of
Written Evidence which proves
the doctors and Nurses totally

Refused to give Proper Medical
Treatment to my Stated Medical
Needs AGAIN and AGAIN and AGAIN

which ~~is~~ proves a pattern of
Malicious Indifference

↓ But I cant make the Evidence
into a 1983 suit

And along with the Absolute
Indifference to my medical
needs

I will also need to add
in Lt Hamilton Refusing to give
me grievance forms to get
Mental Help

Q Since I CAN'T do a 1983 My
My hired a Lawyer to do the
Emergency Medical Hearing So
I CAN Get Mental Help

Uninformed

I have No legal Books to look
up the legal words for Jurisdiction

~~And~~ But due to Dr Thompson ~~Explain~~
Extreme Indifference to my
brain I need mental help
Badly

And this Court is the only
the way I can get help
and

Lt Hamilton Absolutely
Refuser to give me grievance
to get mental help

S.

Motion for Emergency Medical Hearing

Your honor please read this Entire Motion so you will understand the ~~the~~ Multiple threats to my life and the ~~the~~ 4 years of permanent Brain damage that have left me Totally Incompetent to be able to properly file this suit, to get mental help which I need Really **BAD**

Since I couldn't file a suit my Mom hired me a Lawyer to do A Emergency Medical Hearing so I could get mental help immediately

At the Emergency Hearing Medical Experts will explain to you, I MUST have months of Proper Medical care before I can ~~mentally~~ function as a Inmate and

Even longer before I can properly file this suit

Usually these cases are Exaggerated and Untrue but Not this time.

Please do not assume I'm lying like the Last Judge did

I'm a Medical Doctor, the Events I'm Reporting to you are Massively Understated and Absolutely True

As far as the Medical Truth of what I'm Reporting to you, Medical Experts will confirm Every Word I'm saying to you are Absolutely True

I also have Massive written evidence in my cell, which proves that I BEGGED and BEGGED and Begged the doctors and nurses here for Proper Medical care for my Ridiculously serious medical needs and again and again and again they Absolutely Refused to Help.

Which documents a Pattern of
Deliberate Indifference to my stated
SERIOUS medical Needs

In Nov 2010, After 4 years of Multiple
Daily Attacks on my brain any one of which
would Render me INcompetent, I was
finally Way too INcompetent to properly
file a T983 to get mental help

I tried really hard to correctly file
one ANYhow

It was Dismissed because Wallen Ridge
took 3 months to get me my poor
PERSON Statements

~~Please DON'T do that to me Again~~

When I'm finally able to properly
file this suit, you will find it
COST Me Many Many Brain Cells

Matt Rudorfer M.D. is a Psychiatrist
and Head of Research at the
National Institute of Mental ~~Health~~
Health

Dr Rudorfer will explain to you
that mentally I **CAN'T FUNCTION**
as a Regular Inmate due
to Totally Debilitating P.T.S.D OR
Post Traumatic Stress Disorder symptoms

Right Now I **CAN'T** leave my
cell to SHOWER or visit my ~~Lawyer~~
Lawyer because of total and

Absolute **F E A R**

of all C.O.'s but Especially
Lt Hamilton

Lt Hamilton took me into the Hole office. He strapped me to a chair so I COULDN'T Move

He laid his pepper spray on the desk 4 times he said he would pepper spray me in the eyes if I talked or closed my eyes

I Was Back at the Abingdon Jail my penis being Tortured with pepper spray AGAIN

So I become too Terrified to leave my cell

* Lt Hamilton now Refuses to give me Guidance teams to get mental Help

Dr Rudorten will confirm that these are
some of the worlds worst P.T.S.D. symptoms

They should have been treated
4 years Ago

Now the Proper Treatment for Me
is to Increase my Celexa to 150mg
and to send me to a D.O.C. Psych
hospital for Extensive Therapy for
a LONG time before I CAN CAN
Mentally Function as a INmate
and
EVEN longer before I CAN properly
file a 1983 suit

A HUGE reason, why my brain is so totally incompetent is because DR Thompson Absolutely Refuses to send me to a D.O.C. Medical Hospital that can prove me with the proper diet for

* Extremely Reactive, Reactive Hypoglycemia

* Three times a day in Reaction to
a poisonous diet, my Blood Sugars
* go Low enough to kill me

Each time doing Permanent
Damage to my brain

4 years of Permanent Brain Damage
have Added up

Several hours a day my brain is near
I CANT Reason, I CANT Properly
do Envelopes - too many steps

* Legal Work is IMPOSSIBLE
12

In ~~my~~ cell I have Absolute Proof
that I have Begged and Begged and
Begged Dr Thompson to send me to
a D.O.C. hospital to get the proper
diet, and each time he Absolutely Refused

Dr Thompson Refusal has Killed
Many, Many, Many of my brain cells

At the Emergency Hearing Sonjay Gupta M.D.
a Brain Surgeon who works at CNN will
Explain to you how Ridiculously Dangerous
it is to let ANY patient blood sugars
to go too low.

And How Repeated and repeated low
blood sugars has affected My Brain

I'm also going to have a Professor at
UTSU, Greg Clarity M.D., who teaches
doctors how to Properly treat this
problem

And the Proper Diet, I am Required
to have to LIVE and THINK

Matthew Rudorfer M.D. ~~Psychiatrist~~
and head of Research at the National
~~Institute of Mental Health~~
will explain to you why D.O.C. doctors
and Nurses MUST become up to date
on a Deadly Medical Problem called

SSRI Withdrawals

for 4 years - 4 days a week
my Celexa a SSRI drug, sticks
to the cup like SUPERGLUE

Decreasing the dose

~~With~~ 

When I become Markedly Aggressive
Psychically Violent and have UNcontrollable
Homocidal Thoughts

Three symptoms the British F.D.A's ²⁰⁰⁵
Double blind placebo controlled study Proved
that ~~Decreasing~~ Not just stopping SSRI drugs
CAUSE

I'm beatin down and that w in the table

Even though Forrest the people who
make my Celexia say when the symptoms
become "Intolerable" like mine

The ^Proper Medical Treat is to immediately give
me celexia at the Exact dose it was
before the Celexia was increased or Stopped

And I go back to normal in 4-6 hours

Professor Clarity will also explain to
you how Dangerous

— Upper G.I. Bleeds are

✱ Because I can Bleed out and die at Anytime

✱ Dr Thompson allowed my parolosec
to run out. It took FOREVER to
get restarted.

Acid ate a permante bleeding
Hole in my Stomach

It has been Bleeding ever since

I have Written Evidence in My cell
that I BEGGED and Begged
Dr Thompson for proper medical
care and Each time He Refuses

Professor Clarity will also explain
that properly treating the

- Multiple Drug Resistant bacteria that
is eating the skin on my nose since
Dec 2010 is ridiculously Important

Dr Thompson

I have written records which proves
Dr Thompson says the proper Antibiotic
is too expensive.

only the fact that I refuse to scratch
it has keep it from eating
my entire nose

For 4 years I've had Painful
Bleeding Hemorrhoids

This week I Lost three days writing
this 1983 because the Hemorrhoid
Pain is Brutal

and The Bleeding Never stops

And in my cell I have Written
Evidence which PROVES
that AGAIN and AGAIN and AGAIN

De Thompson Absolutely
refuses to help

1 d/

Your honor please GRANT me a
Emergency Medical HEARING so I
can get Proper Medical Care

so ~~to~~ Eventually I can Correctly
File a 1983 about the

Pure Deliberate Indifference to my
medical needs

Without Your help I will not get
proper Medical Help and ALL of
these problems will get Worse

Thank you Vince Gilmer M.D.

Motion to Assign me a Volunteer Lawyer

I have been receiving Brutal Medical Care

It has SEVERLY incapacitated my Brain
and its getting worse each day

I finally realize I need Real medical
help but by then I was too dumb to
file a 1983 suit

I tried to file this case 3-4 times and
each time it was kicked back because
I lacked the brain power to overcome
the unconstitutional Barriers Walcotts Ridge has
placed on me

Mentally I'm Totally wiped out, My Mom
Gloria Hitt see my mental condition knows
I'm mentally incapable of filing the 1983
suit, so she hires me a Lawyer to get
me proper medical care.

My Mom works at WalMart and supports 5 people, she CAN'T afford to pay a lawyer but she did ANYWAY

She really doesn't have the money to pay but she is going to pay for one lawyer for 1 hearing.

After that hearing and I will still have the ridiculously unconstitutional barriers that made it IMPOSSIBLE for me to proceed pro se

Reasons I need a Volunteer Lawyer.

① It will take several months of receiving correct medical care to make me right mentally

I need a Volunteer Lawyer near the D.D.C. & psych hospital to ENSURE I get receive the correct treatment because D.D.C. has proven, again and again that it will not respond to my stated medical needs

② Several hours a day I'm brain dead

I can't reason • anything out

I can't even do envelopes too many steps

My signature is not valid during these times

It's not fair to send me up against a
Attorney General whose brain is actually
working correctly

③ Because this is an Extreme Threat to life
I asked the staff lawyer to help me
properly file this case. That was 6
months ago and he still hasn't seen me

④ This case will be a Most Complex case
because it will have over 100 claimants
way more than I could put in the
first filing

⑤ At Wallens Ridge I am Completely blocked from ANY Experts.

This case will require Multiple Medical and Legal experts, a brain doctor, a family practice doctor, a psychiatrist, a pharmacist, a dietitian, A expert in Constitutional Law and a Expert on RUNNING PRISONS

With the Highly Unconstitutional restrictions Wallens Ridge has on me, I can't locate nor communicate with ANY of them

⑥ I can't contact any witnesses, Wallens Ridge is setup to COMPLETELY block me from inmates who saw me become DUMBER and ~~⑥~~ Dumber And

I'm also totally separated from the inmates who suffer from the same Brutal Unconstitutional ~~co~~ conditions I did

- ⑦ Wallens Ridge has no Legall Acceptable Law Libearry and even when out of the Hole, I'm never allowed to physically go to the Law Libearry something the Law Requires
- ⑧ Wallens Ridge has no medical books ~~and~~ and this suit will be highly medical
- ⑨ I'm not allowed to recieve ANY papers from medical experts because they are all over 5 pages long
- ⑩ From the Hole I'm only allowed to make 2 calls per month no where near enough to direct Legal and Medical Research

① I have ZERO legal knowledge of my own and the prisoners Self Help Litigation Manual, I was using because it was perfect for this case, was thrown away by C.O.s when I went to the Hole

I have No Law Books because Wallens Ridge does everything it can to make it ridiculously hard to buy law books outside the prison

With my Severely Incapacitated Brain I don't have the ability to overcome the UNCONSTITUTIONAL road blocks and order law Books

I know that Legally you CANT order a lawyer to help me, but in light of the Extreme Mental Need and the highly UNCONSTITUTIONAL Road Blocks Wallens Ridge has in place

I beg you to Please, Please, Please assign me a Volunteer Lawyer near the D.A.C. psych hospital where I end up

Thank you your honor
Vince Gilmer MP.

Scheduling the Emergency Hearing
